

BOYOZKÖY

Welcome to Boyozköy

We bring İzmir's centuries-old culinary heritage to your tables in its most natural form. As Boyozköy, we meticulously prepare our traditional recipes in modern facilities, offering that long-awaited crispiness and homemade warmth in every bite.

About Us

Boyozköy | Trust on the Shelf, Value on the Menu

Boyozköy is a strong food brand produced with traditional recipes, using additive-free and local raw materials, and a zero-waste, environmentally conscious production approach. Our production processes, supported by hygiene and quality certifications, make Boyozköy a reliable supplier for market shelves, hotel kitchens, catering operations, and café menus.

With an original boyoz portfolio of 155 varieties registered with the Turkish Patent Institute since 2013, Boyozköy is a high value-added product group that easily adapts to different sales channels.

Boyozköy is the first and only food company in the world to implement Braille alphabet on its packaging, taking a clear stand on accessibility in food. This approach simultaneously strengthens social responsibility, quality perception, and brand trust.

Beyond product supply, with its franchisable structure, Boyozköy offers its partners not just a product, but a brand experience that grows with confidence.

**It is protected by the Turkish Patent and Trademark Office with the number 2016 / 09290 - 2017/ 02734 - 2019 / 07119 - 2020 / 02213*

What Do We Offer?

Tradition and Quality

At the Boyozköy kitchen, our recipes are simple yet ambitious. We use only the highest quality raw materials, years of craftsmanship, and unchanging traditional flavor. We embrace naturalness not as an option, but as an indispensable standard.

Support for Nature

We adopt the principle of sustainability with our respect for and trust in this land; we generate zero waste in production and packaging.

Removing Barriers in Food

As a world first, from 2025 onwards, we are serving retail chain channels with boxes designed in Braille, accessible to the visually impaired.

Certifying Our Quality with Health

We produce with ISO 22000, Halal, and Vegan certifications, offering you the flour, water, salt, sunflower oil, and tahini of these lands.

What's Not Included?

Focused on Naturalness

At Boyozköy, we stay true to our traditional recipes and do not include any ingredients that would risk your health. We do not include any material in our production that we wouldn't put on our own table.

No Animal-Based Food

No animal fats or ingredients are used in Boyozköy products. Thanks to our traditional plant-based recipe, we offer a flavor that is both light and 100% vegan-friendly.

No Additives

There is no room for preservatives that extend shelf life, artificial colors, or flavor enhancers. We prepare our products in their most natural and pure form, just like at home.

No Preservatives

Boyozköy is based on naturalness and traditional production; we preserve pure flavor for 365 days at -18°C without using any preservatives.

Our Boxed Products

We have carefully boxed the Boyozköy flavor so you can bring it to your table anytime. Meet our Plain for those who can't give up classics, Spinach for those seeking a traditional touch, and Tahini or Chocolate for those wanting a sweet break. Same crispiness in every box, same naturalness in every box.

Sweet Tahini Izmir Boyoz

The meeting of intense traditional tahini aroma and crispy dough; the sweetest companion for your tea time.

Chocolate Izmir Boyoz

Turn your boyoz enjoyment into a modern feast with fluid chocolate filling and multi-layered dough.

Spinach Izmir Boyoz

The unique harmony of fresh spinach; a favorite for those seeking both a light and satisfying snack.

Plain Izmir Boyoz

The purest form of classic flavor with its centuries-old Izmir tradition, crispy layers, and golden texture.
